# HEALTH, SAFETY & ENVIRONMENT ( HSE ) POLICY

**ALWAYS PLAN AND ACT SAFELY**

## POLICY STATEMENT

We are committed to safeguard our employees, the communities, their assets and the surrounding natural environment in which we conduct our business or project.

Our resolve is to “Always Plan and Act Safely (APAS)” in every level of the services we deliver by demonstrating high level of responsible and behaviour to achieve the targeted performance level in HSE.

This is a mindset we hold true and share with our employees, clients, subcontractors, and business partners to ensure:

1. We comply with the relevant statutes, regulations, standards and/or guidance in the localities we operate and deliver our services.
2. We sustain zero workplace incidence among our employees, subcontractors and to the people who work with us.
3. We conserve resources, minimise pollution and maintain environmentally sustainable practices.
4. Our HSE management and stewardship initiatives are effectively communicated among relevant internal and external stakeholders.
5. Our employees are trained, provided the resource to work in safe environment and empowered to exercise stop work authority or refrain to work in unsafe condition, when necessary.

Commitment to this policy by the leadership, management and employees is the pledge for long term excellence in HSE.
